

2016 Season

Player Registration Guidance

NEW for 2016 - NERGA On-line Player Registration

- For the last 2 years, submission of Player information has been via an Excel template e-mailed to all clubs 2 weeks before the event, which was completed by each participating club and returned by e-mail to Competition Sec.
- This process needed to be enhanced because not all club reps had access to MS Excel.
- For 2016 the process of submitting Player Information for an event by club reps will be via a new on- line web page on the main NERGA Web site (NERGA.CO.UK)
- **NERGA On-line Player registration** is used to register players and guests for each event.
- Registration **must** be performed during a pre-defined period
 - Registration is automatically opened **14 days** before an event and
 - Registration automatically closes **3 days** before an event
 - Closes at midnight on Wed evening for Saturday events and
 - Closes at midnight on Thursday evening for Sunday events

NEW for 2016 - NERGA On-line Player Registration

- Use the on-line registration process to record details for Players and Guests
 - Forename

- Inform Iwan Owen (Iwansliw@yahoo.com) if new club reps are required
- Player details can only be amended/edited by the original club rep
- A second rep from the same club cannot edit/amend details input by the first rep
